

Kipuke Ministries

P.O. Box 204178
Martinez GA 30917

The headquarters for Kipuke Ministries is in Lome, Togo, Africa. Esaho and Beatrice Kipuke are Missionaries in the field in Lome and in the north in the village of Pya. The goal of this Ministry is to reach West Africa Francophone (French speaking Africa) for Jesus Christ. They support a variety of ministries with the love and message of Jesus Christ. Funds in support of the Togo Adoption Program, which is outlined below, are disbursed through the Mission Society. Please mail checks to the PO Box listed above.

Kipuke Ministries Togo Adoption Program - has three components:

Orphans - There are many, many orphans who are brought to the ministry. Christian women who are willing to take an orphan child into their homes are given a small stipend to pay for the care of the child, because many of them can barely support their own family. You may soon view photos of the orphans on the ministry website - www.kipukeministries.net

Students - Young girls from poor families are provided with basic literacy instruction, as well as being offered training in cooking, sewing, child care and hygiene to give them life skills which will hopefully allow them to become self-supporting. Bible study is mandatory, and all our students are given a Bible. You may soon view photos of the students on the ministry web site - www.kipukeministries.net

Adult Women' Literacy Program - Many adult women are illiterate. KM provides a basic education (as well as Bible study) so that they can learn to read and write. You may soon view photos of the women on the ministry website - www.kipukeministries.net

Please Provide Personal Information below:

Name: _____

Address: _____

Telephone: _____ Email: _____

Please indicate which group you wish to support in the Adoption Program:
